MOBILE APPLICATION of Euromed 2025

DOWNLOAD THE MOBILE APP

Available on the iPhone
App Store

ANDROID APP ON
Google play

The mobile application is an essential tool to ensure the smooth running of the congress. It allows you to stay informed in real-time about the latest updates and access all essential information: dates, schedules, location, president's message, board members, program, sponsorship, e-posters, voting, journal, practical information, replays, and much more. Although a dedicated website is available, the mobile application provides quick and easy access to key elements as soon as the congress begins. It also helps you plan your participation by selecting must-attend conferences, the most relevant workshops, and your favorite topics.
